The birth of Vintner’s Village, within which Winemakers Loft lies, began in 2006 when the Port of Benton County purchased the 25 acre commercial development parcel. According to the Washington State Wine Commission, the annual economic impact of Washington wine runs close to $7 billion dollars. With this in mind, the Port decided to develop Vintner’s Village in Prosser where several wineries and wine makers could easily and efficiently share their visions with wine connoisseurs. The Port of Benton County invested $1.5 million dollars in infrastructure to cater to the development of a closely situated collection of privately owned wineries, restaurants and gift shops within the village.

The Vintner’s Village Phase I is now home to 13 wineries with tasting rooms, Yellow Rose Nursery and a restaurant. Food is a must for a wine-touring area and Wine O’Clock is a nicely appointed tasting room that includes a restaurant serving great food. With a wood-fired oven, some tourists say the food is the best in all of Yakima Valley.

Benton County’s Phase II for Vintner’s Village began with the construction of a 9,000 sf mixed-use building just south of Winemakers Loft. The building will be home to agritourism, commercial businesses and start-ups designed to compliment the harmony of Vintner’s Village. The 18 adjacent lots will offer commercial development, light industrial or retail and will most likely be filled with wine sector businesses catering to the retail market and winery support industries.

The trend of creating small winery villages began a few years ago when the demand from visitors desiring a single location with multiple tasting room and food options was heard. Wine tasting tourists wanted to be able to park in a convenient location, walk amongst a variety of wineries and enjoy a leisurely day in one location without the need to drive. This concept has become a reality in Woodinville Washington and Walla Walla Washington, which are popular wine destinations and soon followed in Prosser with Vintner’s Village. This premium wine and commercial destination, Vintner’s Village is located just off I-82 giving it high visibility and an ideal location for tourists.

After the Yakima Valley AVA, the Walla Walla Valley AVA has the second highest concentration of vineyards and wineries in Washington State and is located just 2 hours east of Prosser. A desirable stop on the Northwest wine tour, The Walla Walla Valley AVA has over 100 wineries and is known for its premium wines and being within an easy afternoon drive of Prosser offers an additional reason for visitors to frequent the area.
