

# \$193,750

## DESCRIPTION

This 155 m/l acre wooded parcel of land in Sharp County is loaded up with wildlife. Less than an hour from Jonesboro and located just off Highways 63 and 412, the land was select timbered two years ago but it hasn't hurt the abundance of deer and turkey. The rolling hills make a great setting for the small cabin where you can sit on the front porch looking for deer and turkey.

## DIRECTIONS

From the town of Ravenden heading west, turn right on Browns Creek Road.
